Each event gives partners access to a different audience. In addition to our **individual event packages**, we are offering a **special partnership bundle** that gives partners the full blast promotional exposure and networking and co-branding opportunities of all three special events.

### Regular Events

Our **annual partnership package** covers our regular events. With our full and diverse calendar of **both live and digital events**, partners gain **sustained exposure throughout the year**. Our annual partnership package also gives partners a special discount on our special events package.

Our live events allow members and partners to interact in a variety of settings. Our quarterly mixers are casual and intimate, our bi-annual CSR activities allow us to engage in shelter-related advocacies, and our quarterly regional meetings ensure nationwide coverage for us and our partners. We are also building on the best practices of the pandemic with our continued series of regular online events that allow us to reach a wide and varied audience.
